

POLICY 43 – STUDENTS TESTING PRE-GRADUATION

I. GENERAL

Students of cardiovascular education programs may apply to and be approved to take the examination prior to graduation, as long as they have met the graduation requirement set by their educational program.

II. DOCUMENTATION REQUIREMENTS

The Program Director must state in the Student Verification Letter:

- Anticipated Graduation date
- IF there is any limitation requested by the Program Director as to the first date the applicant should be allowed to take the examination.

III. EARNING THE CREDENTIAL

The applicant (student) will be awarded the credential after successful completion of the examination and when the CCI office has received proof of completion of the educational program.

It is the (applicant) Student's responsibility to provide the required documentation to CCI.

IV. EXAMINATION QUALIFICATIONS

This Policy does not supersede or replace any CCI policy related to examination qualification or special accommodation requests.
